Re: Old Fourth Ward Principal Search

Greetings Old Fourth Ward Community,

You may recall that earlier this year, we discussed our transition plan to fill the role of principal at Old Fourth Ward. In our planning, we decided to appoint an interim principal for the 2018-2019 school year and agreed to simultaneously conduct a broad search for the permanent role. As you already know, Ms. Rajvee Bhalakia agreed to serve as interim principal at Old Fourth Ward. In her short time, she has already added immense value to the Old Fourth Ward community and embraced the Bees and Hornets as her own. We are pleased to announce that Ms. Bhalakia will be considered among other highly qualified applicants for the permanent role of principal at Kindezi Old Fourth Ward.

We are now embarking on our principal hiring process to fill the permanent principal position. We are committed to selecting the best candidate for our Old Fourth Ward community and we value your input in our selection process. In our review, we plan to consider our Network leaders for the role and engage with other highly qualified candidates in our nationwide search. Along the way, we will gain insight from parents, faculty, and the board to find the best fit for our school community. The goal is to identify the permanent principal by January 2019 and begin to integrate them into our community in the fourth quarter, if possible.

We look forward to engaging with you during this exciting time at Old Fourth Ward. Find the live job posting here: <https://kindezi.hiringplatform.com/23934-kindezi-old-fourth-ward-principal/64137-application-form/en>.
